

## Poor Little Devil Has No...

By Robin Lipinski

Sure, you see him prancing, what with his cloven feet and horns.  
Red eyes glaring and glowing, and snot blowing from his nose.  
But it all is bluster and bravado my friends, all just show from him.

Yes, he has power to corrupt and deceive, but there is one big reason for this.  
He has to lie and hide in the dark for the following logic you must see.

He has all that one could dream for, except for one important thing.  
He has no dick, cock, (or if you're polite,) penis,  
Or vagina, breasts, or supple lips.  
This Lucifer or Satan is no woman or man, heck even my castrated male corgi dog Leo,  
Was more of a man than he.
