

Whatta Feast

By Robin Lipinski

Whatta feast Viola, steak so tender and tasty,
Alaskan potatoes and spinach salad...Mmmm, what a delight!

And conversation John, at 87 you're still going strong,
Sign me up to help you when the part of the greenhouse comes.

Radar and Tinker, you're part of the plan, though beaver or shredder suit you best.

Margareta, you're still pretty swell too,
this Friday night is the best!

(Yes folks, this is what is called life. simple, hard, make it your best.)
