

He Looks Beyond the Surface

By **Sabrina M. Cummings**

He looks beyond the Surface
He sees what is real,
the heart of a person.
He can't be fooled,
He sees your soul,
then all is told.
Looking at the beauty,
not what you see with eyes,
that's worth the saving.
It's what's in your heart
He'll soon be raising.
All that is good.
Just like He said, He would.
